

Prophecy given publicly by Lloyd C. Phillips Aug 24, 1999 Fellow Laborer's  
Church, Missoula MT.

I hear the Lord saying to prepare the way for His coming. Repentance always prepares the way for the coming of the Lord, and it is by the intercession and repentance which some have done that I have made a hole in the heavens over this place, says the Lord. I have opened the heaven and placed ladders upon which the angels have been coming and going in this place. It has been known that the angels which I have sent have been upon the mountains encircling this place with flaming swords of fire around this valley for time amassing have begun to come down into the streets, have begun to walk the streets and prepare for a day of battle which is at hand for a day of harvest which is just ahead. For I the Lord have opened up the hole in the heavens so I can hear the words of my people so I can hear the praises of my people, so I can listen to the intercession coming up and filling the bowels in heaven. For I have looked down and had pity upon this nation, for it has cut my heart to see the enemy and what he has amassed against this nation, and has made me even to weep for I see the hurt that is coming upon this land. But I have seen those that have come to me and have come to me upon their faces. And I have chosen to pour out mercy upon those who have turned to me who have not looked at the things of the world and have not looked at the things of the enemy, for great tribulation is about to come. Great travails about to come but yet for those that have turned to me I have placed within them my seed to birth forth my passion to bring forth with mercy and travail a new birth in this place in this nation a new birth of the Holy Spirit moving across the land, touching people in the streets miracles and healing which will be happening in the streets where the people are. For the Lord says that He is about to come and walk amongst His people, and He cannot come and walk amongst His people without a separation occurring. He cannot come and walk upon the water without there first being a peace brought upon the water. He cannot come as the wind without there being a separation of the water of it being piled up upon itself so the people can walk through in peace on dry land. And there are many who are ready to cross on dry land and they have been asking, "But where is the east wind to blow?" But the Lord is that east wind that will come. And He is about to come and will touch many. For those who have prepared themselves He has prepared to come. For those who have not prepared themselves, He has prepared to walk past. But great and mighty things are about to be done. Great things are about to be done in this place. Great things are prepared for this nation if this nation will fall upon its face. But it matters not to God if He saves by many or by few for if he can have one, if He can have two, He can do Great things and this is what the Lord says to you tonight. He has found one, He has found two, and yea there are more than 10 righteous in this place. And yea though the sins of Sodom may be found in places there are more than 10 righteous in this place and He shall save. For it is the will of the Lord and He has sent his angels because there are those that have come to Him upon their face. So continue, continue to come to the Lord, continue to come to Him and allow Him to place a heart in your heart, His heart in your heart for the people of this land, for He shall spare if you come to Him.
